HOZKING
SHOWER & ENTRANCE DOOR PULLS

Materials & Manufacturing

Stainless Steel Grades

SS201

Dry interiors

Cost-effective for interior doors in dry environments.

SS304

General use

A balanced choice for most indoor projects, including shower and bathroom doors.

SS316

Coastal exposure

Enhanced corrosion resistance for coastal and high-humidity installations.

Manufacturing Capabilities

OEM

Custom overall lengths and hole spacing. 5 Core Finishes · Custom Finishes & OEM Sizing

ODM

Project-specific pull handle designs and configurations.

100% Inspection

Piece-by-piece quality inspection before shipment.
